Sub: Adjustment of Futures and Options contracts in the security Mahindra & Mahindra Financial Services Limited (M&MFIN)

In pursuance of Byelaws of NSCCL pertaining to Clearing and Settlement of deals, SEBI circular reference SMDRP/DC/CIR-8/01 dated June 21, 2001, Circular no. 001 (Download no. NSCCL/CMPT/43079) dated January 01, 2020 and Circular no. 67/2020 (Download no. NSE/FAOP/45061) dated July 20, 2020 members are hereby informed the procedure for adjustment of Futures and Options contracts in the underlying security Mahindra & Mahindra Financial Services Limited (M&MFIN), on account of Rights Issue.

The methodology for computation of 'adjustment factor' for the corporate action shall be as given by Circular no. 67/2020 (Download no. NSE/FAOP/45061) dated July 20, 2020. The following action would be taken by NSECL in this regard.

1. Action by the Clearing Corporation in respect of Futures Contracts:

All open positions in Futures contracts with the underlying security as M&MFIN existing after end of day on July 21, 2020 will be adjusted as under:

Positions: The adjusted positions shall be arrived at by multiplying number of contracts in the pre adjusted position by the adjusted market lot. The adjusted market lot shall be as communicated by the Exchange, computed as per methodology specified in the Circular no. 67/2020 (Download no. NSE/FAOP/45061) dated July 20, 2020.

Futures Price: The adjusted futures price would be based on the settlement price of the relevant futures contracts on July 21, 2020. Adjusted futures price shall be settlement price of relevant futures contracts on July 21, 2020 multiplied by 'adjustment factor'.

Adjusted value: In order to avoid difference arising due to rounding off of adjusted settlement price, the carry forward/adjusted value shall be computed by multiplying pre adjusted futures long/short quantity with pre adjusted settlement price. Accordingly, all positions in futures contracts with the underlying security as M&MFIN would be marked-to-market on July 21, 2020 based on the daily settlement price of the respective futures contract. Further, the adjusted positions would be carried forward at the adjusted value.

From July 22, 2020, daily mark to market settlement of futures contracts with the underlying security as M&MFIN would continue as per normal procedures.

2. Action by Clearing Corporation in respect of Options Contracts:

All open positions in Options contracts with the underlying security as M&MFIN, as existing on July 21, 2020 shall be adjusted as under:

The adjusted positions shall be arrived at by multiplying number of contracts in the pre adjusted position by the adjusted market lot. The adjusted market lot shall be as communicated by the Exchange, computed as per methodology specified in the Circular no. 67/2020 (Download no. NSE/FAOP/45061) dated July 20, 2020.

3. Members are advised to note the following in respect of Futures and Options contracts on underlying security M&MFIN.

Position details of Futures and Options contracts with the underlying security as M&MFIN would be provided in PS_03 / 04 files for trade date July 21, 2020, would indicate final positions in the relevant contracts (without adjustment) on July 21, 2020.
